Welcome to Aronberg, Aronberg & Green, Injury Law Firm, a firm specializing in Personal Injury law, Automobile Accidents, Slip & Falls, Product Liability, and Nursing Home Neglect cases.

Our firm welcomes the opportunity to work for you on your Personal Injury case. We are here to take on the responsibility of your case and guide you through the process of obtaining compensation for your damages.

While many lawyers deal with cases in a wide variety of areas, our firm handles only Personal Injury cases. We represent people, people damaged due to the wrongful and negligent actions of someone else. We never represent insurance companies or corporations. We are devoted to only representing people and their families.

Our commitment to our clients is to provide legal representation and keep you totally involved in your case. We have found that communication between attorney and client is the most important factor in a case. We want you to be well informed and to feel comfortable and confident in our services. We pride ourselves on always being available to answer your questions. When we take on the responsibility of handling your case, we also feel an obligation to guide you through the legal process and keep you fully informed.

We devote 100% of our time and resources to helping people recover money for their injuries, damages and losses. We do not represent insurance companies. Clients are supported by a trained staff and state of the art computer technology.

Our firm encourages continuing professional development and all attorneys participate in continuing legal education seminars, professional association activities and civic affairs. We also are active in lobbying to protect the rights of injured people.

Our firm has purposely remained small so that we can provide personal attention to all of our clients. We are selective in accepting new cases in order to give our current clients the attention that they deserve. This personal attention that our clients receive is the single most important service we provide.

We welcome and thank you for visiting our website. If you are a current or former client, thank you for giving us the opportunity to represent you. If you are a new visitor to our website, we look forward to meeting you and exploring ways we can assist you.

Our main practice consists of automobile accidents, premises liability cases, slip and falls, truck and motorcycle accidents, unsafe products, nursing home and assisted living facility neglect and abuse, and wrongful death cases.

We would be pleased to hear from you, so contact our Law Firm via telephone or email with your questions, comments or concerns. Alternatively, we would be happy to set up an appointment for a free consultation.
