Vanessa Jones

vjsnotary@gmail.com

I am a retired public servant. I have over 25 years experience dealing with highly confidential documents. These documents required classifying, documenting, & processing government records. I have spent a considerable amount of time becoming certified & proficient in the notary business. Notary Public (American Association of Notaries), Certified Texas Remote Online Training & Signing Agent with Background Screened(National Notary Association). Great experience with I-9 Forms, Subpoenas, & working with Nursing Homes & Hospitals. Through my years of processing records I was trained to be certified & proficient (pay attention to details) with a positive attitude & that is my motto I have carried over into the notary business. My one goal is to always keep my business streamlined & to make the process as smooth as possible for my clients. I cover Galveston & Brazoria Counties, Pasadena, Friendswood & Webster Texas.
